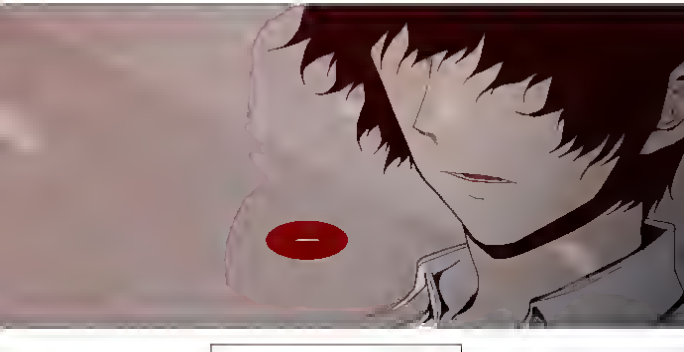
I'm not going to keep playing hide and seek with you, so start taking care of yourself.
If it's cold, wear proper clothes. Get some sleep, and put on a little weight. You're all bones

I'm going to do what Ajussi said.
I'm going to forget about you and move on with my life.

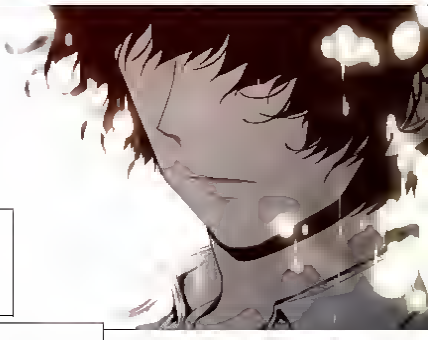
Once my memories are gone, I won't be a burden to you anymore.
It's best for the both of us.
Drip

Farewell.



I didn't particularly expect an answer to what I said.

...



But as he just stood there silently,

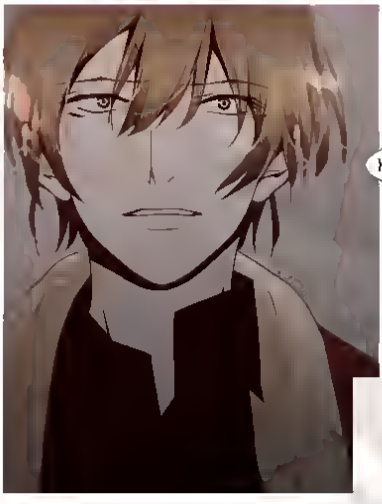
.. I fully realized what it all meant.

I wanted to know what sort of expression he had.

.. underneath all that messy hair,

.. but it was no longer..

...any of my business.



He seemed really upset.

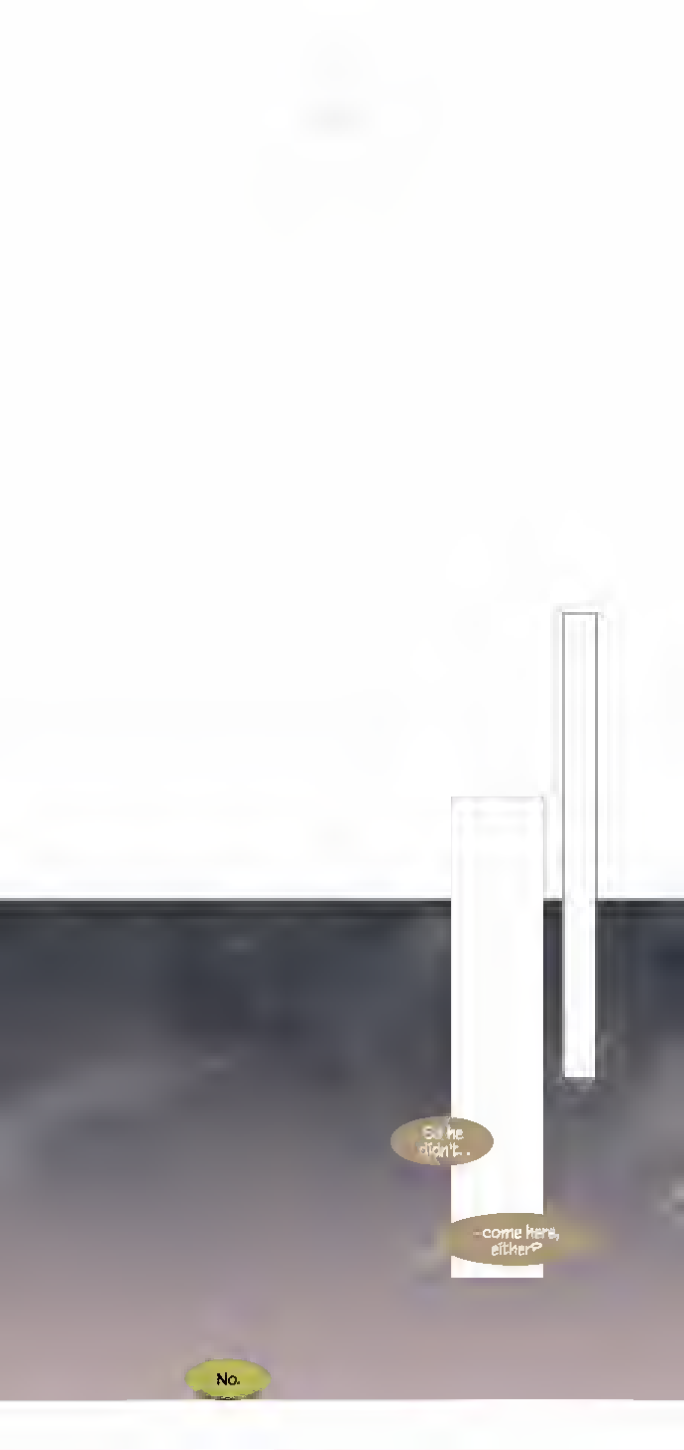
But if it's something forever lost,

...then I wanted to say it...

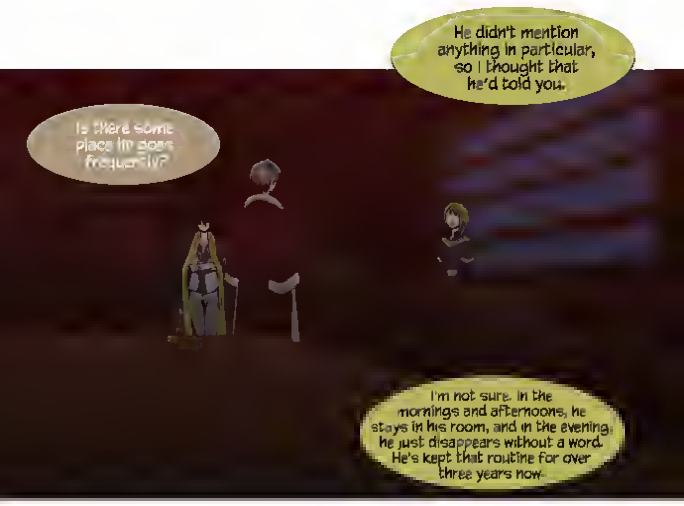
...before he could.

My memories...

Please erase them.



So he didn't..
-come here, either?
No.



He didn't mention anything in particular, so I thought that he'd told you.
Is there some place he goes frequently?
I'm not sure. In the mornings and afternoons, he stays in his room, and in the evening, he just disappears without a word. He's kept that routine for over three years now.

But Ran, how could you possibly leave Hya after all you've been through?

At this point, even I don't know your true feelings.

Don't you realize that, once Hya loses his memories, that'll be the end?

How far do you plan to go?

Ran...

That's unfair!

Tell me now

Or else let me do research with you...

...and live with you.

.....

Please, Dad?

Live...

...with Hyacen.

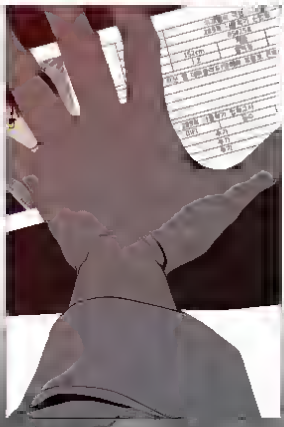
.....
Wow. You crazy bastard.
I knew you'd come sooner or later, but you look horrible.
At least pretend to care about other people's eyes
I'm sure there's something we need to discuss.

Such as what this is.



That's your son's school record, isn't it? I sent it to you.

Please give this to Mr Penguin

Then what about this?

Your wife's death. The next target is?

Flap

The reason you're compelled to come to me, and also the reason I won't arrest you.

You're looking for a resurrected person, right?

I think that I can help you.

But before that...

Your real goal is not to find someone who has come back to life.

Oh, nice reaction. Since we're on it, let me ask you something else.
The cause of Senika's death.. Was it really the disease that she had been fighting for 200 years? Or was it a carefully planned murder?

Play a game with me.
If you win, I will tell you my identity and everything I know.

It's your last sliver of hope, for which you coldheartedly abandoned your son, even if it was for his own safety.
Once...Once you wake up, then all your memories of Ran will be gone.
You can't go anywhere.
Just stay there.

Will you be okay?
I guess.
Grip
You know...
...I don't have dreams all that often.

But whenever I do, I'm always eight or nine years old.

At first, I thought I was dreaming about my childhood.

He'll be back in a hundred nights.

That's what he did last time, too.

Thud
I just...

...couldn't make it past the 100th night

Liar.

Because if I woke up on the 101st day without my dad,

then all my waiting would have been meaningless.

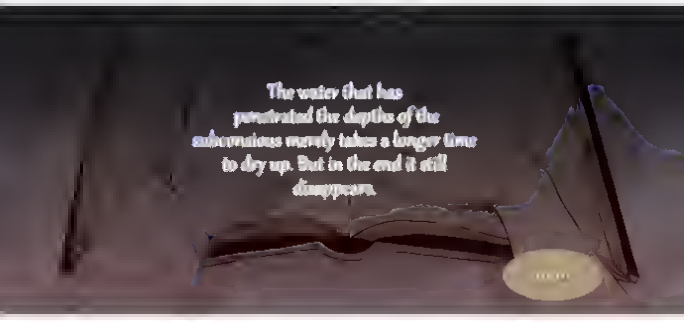
I wished to never wake up from the dream of the 100th night.

Time is like raindrops.

Those seemingly eternal moments of pain, as well as those happy moments of laughter.

Half of them dry up after a time,

and the other half collect on the earth



The water that has penetrated the depths of the subconscious merely takes a longer time to dry up. But in the end it still disappears.

Good night.
Thud

And like that,

...the 100th night finally ended.
